

REPUBLIC OF SLOVENIA
MINISTRY OF TRANSPORT

B2B Loco welcome

Fedor Černe, Transport NCP

Republic of Slovenia, Ministry of Transport –
Transport Directorate

»Transport and logistics ICT solutions –
from EU projects to business practice «

Portorož, May 27, 2011

TOPICS

- **Transport Research in SLO from the NCP perspective**

At the beginning...

- **Poor co-operation among** Slovenian transport research community !
- **Too few** Slovenian transport research **organisations present in the EU** transport research **networks**, which **generate innovative solutions of common** transport problems
- **Statistics: two sides of the coin**

Main objectives

- Increase competitiveness of national research potential
- Fostering cooperation between SLO research community and partners within EU and other countries

Support

■ Research based approach

SEETRANS 2011

- "...is aiming to bring together research community as well as representatives of business and politics from Slovenia, South Eastern European countries and the rest of the EU ...
-in order to present their research results (7.FP), their research capabilities and plans, as well as, the future research needs.
-Based on expressed research interests and aims working groups will focus on specific research topics in order to get prepared and to form potential partnerships for the next 7.FP calls and to set joint research priorities for the following 8.FP."
